# 1Element

Steel, with its steady and firm performance, settled the foundation of the modern industrial civilization for hundreds of years. For these three series, steel created a sense of security by forming the strong table legs, cable tray, and CPU holder.

# 3Choices

The wisdom of design creates the infinite possibilities. Steel, wood, line, skillfully developed by simple elements. That is how SQUARE, KNIGHT and METZ came into being. Opened or closed, rounded or square, simple but changeful. There should be one of your choice.

SQUARE

KNIGHT

METZ

# SQUARE

As people need thinking,  
space need breathing.  
Construction change from complex to simple,  
make layout concise and natural.  
A clear space is better to make a pleasant working experience.

## THINK/SIMPLE/CLEAR

An extremely simple design can save more space for a clear thinking.  
The classic square table leg is as strong as the steel texture, low laid but distribute the sense of stability.

## THINK/SIMPLE/CLEAR

This classic layout of long workstation table can maximize the space usage. Modular combination, two, four, six and more people, one-way or face to face seating, can be easily achieve to follow your need.

# KNIGHT

For the new generation managers,  
they don't need a gorgeous furniture to show off themselves,  
free, casual, effective,  
Knight, shaped by a dedicate heart

For the staff who need to move a lot,  
Knight is the best solution.  
The round tube table legs can minimize the impact probability  
when the staff is moving.  
Under the simple design is humanistic consideration.

# METZ

MetzDD executive table, the integrative style can meet more complex management process for big capacity attached cabinet with door and drawer. The fence of the cabinet top avails to prevent your goods to be safe from falling.

## CARE/FASHIONAL/STABLE

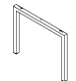

Mid-legs can support the wire running and strengthening the table top, to prevent the top panel be out of shape. The retracted legs design can reduce moving obstacle along the table, to communicate smoothly.
